An appeal was granted and the defense was given until the eighth day of the October term of the Scott Circuit Court to file a bill of exceptions.

The death sentence was a surprise to many people because Jim Howard got off with a life sentence. Howard escaped a similar sentence only by the dereliction of one or two jurors.

Two additional cardinals will be created in the United States by Pope Pius, according to Wm. J. Onahan, of Chicago, who has just returned from Rome.

War between Turkey and Bulgaria is believed to be imminent, though neither country is expected soon to make a formal declaration. Charges of cruelty are made against Turkish troops sent to Uskub. In case the United States squadron sent to Helrut on account of the attempted assassination of Vice Consul Nagelsson finds it quiet there, it will probably proceed to some other port.

Thirty-six jurors, after hearing the evidence, have pronounced Calhoun Powers guilty. Two judges have sat in his case. The only change this time is a verdict of death instead of life imprisonment. The experiment of arguing his own case may have had nothing to do with the verdict, but at all events it failed of the intended effect. Naturally, Mr. Powers wants a reversal, but whether he will be able to show legal cause why he should have one remains to be seen.—Courier-Journal.

Among those thirty-six jurors were Republicans, anti-Goebel Democrats, hollers, and regular Democrats. They all agreed that Powers is guilty as charged.

The Cincinnati Times-Star, a brazen organ of assassination, contained the meanest, most outrageous collection of false assertions in recent years that ever appeared in a newspaper. It was in reference to the Powers verdict. As such Arthur Goebel, brother of the assassinated Governor, sends the following offer to that paper: "I hereby offer you \$500 to publish word for word in the Times-Star the evidence given on both sides in the Powers trial, so that your readers may judge for themselves by the entire evidence whether your statements be true. I will furnish you on request the official stenographer's complete transcripts. Five hundred dollars will not defray the expenses of printing the evidence, yet it is much more than the cost of printing the evidence to you that your readers should believe your editorial statements true.

If you accept the above proposition I shall add \$100 for your publication in connection with the evidence in the Calhoun Powers case testimony of ex-Gov. William Bradley, of Kentucky, in the case, the cost of printing which will not exceed \$10.

Very respectfully,
ARTHUR GOEBEL.

Mrs. Waah Ward has been feeble for a number of months, and allow me to speak a few words in honor of her son Grover, who has waited on her patiently all the time. He told me in a conversation recently that he never slept more than 3 hours any night and some times less. Is that not an exceptional case of self sacrifice?

I see that on Sept. 22nd you have a fight in your town on the whiskey question. That is one question that you will never realize the importance of vigorously fighting until you experience open saloons in your town. Some men will say it is better because they will have it shipped any way. Father, can't you see that your boys who have 10 cents can buy a drink where they would perhaps never taste it otherwise. In my home town, which is near the size of your town, they have not had licensed saloons for 50 years until a set of men who could be bribed came into office and all of the citizens of that town can relate sad stories of that state of things. On more than one occasion of court over one hundred were locked in jail for drunkenness. All of this was done while more than three to one in the county were against its sale. So it will be in Louisville gives license. Men of honor and good reason, stand for your own interest! Have a number of boys from drunkard's graves. Look at the men that are in favor of it! Are there any law breakers against it?

"Hot times, dry weather and plenty of it" seems to be the war-cry of the day.

Carl Hunt, a Berea student and extension worker, has been paying a visit to his sister, Mrs. John R. Preston. Also making business calls in the interest of the college for a week or so. We were glad to have Carl with us again. He is a bright, energetic young man and an efficient worker.

Mr. and Mrs. John R. Preston paid a visit to their sick sister, Ethel Atkinson, of Old Peach Orchard, Saturday and Sunday. She is very low with typhoid fever.

Mrs. Ella Rice and daughter, Mabel, of Paintsville, are guests of her sister, Mrs. Jas. W. Preston, of Old Peach Orchard.

Several of the folks of this place attended the funeral of Anni Katie Brown Sunday. Anni Katie was widely known as the oldest woman of the county at her death, and her relatives can be counted by the score.

Married, on the 24 inst., Mr. Robble L. Atkinson to Miss Ethel M. Preston. Rev. West preached his last sermon for his conference year at Borders Chapel Sunday.

We esteem him very highly as an earnest worker for the upbuilding of a moral standard and the salvation of souls.

N. A. Borders & Son are sawing a fine lot of lumber for McD. Preston.

Joe B. Preston, the snpt. of roads in this precinct, is hustling the boys up and making us some decent roads. Hurrah for Joe. He is getting work out of some of the boys that never did work on the road before.

Ulysses Burgess and sister visited at Borders Chapel Sunday.

Our school at Preston Gap is again progressing nicely under Miss Ginnell's tutelage.

People of this place were considerably frightened Sunday afternoon by the mighty roar of tramping feet and cloud of dust but found it to be only Buster and Duke taking a ride, and that they had a nice time is evident from the smile on their faces. Look out, Buster, Henry might do something desperate.

We were very much interested in the glowing description of the Yellowstone Park. Give us some more.

PIKEVILLE.

We are all in mourning here because of the death of Charles F. Mays, who died of typhoid fever. Mr. Mays was undertaker here and understood the art of embalming as only experts understand it. He was a successful carpenter and builder by trade. He was spoken of as the "ideal husband and father." Mr. Mays was an Odd Fellow and Mason. Both orders took part in the ceremonies of his burial. The funeral sermon was preached by Rev. W. F. Tyree, of the M. E. Church South, of which church Mr. Mays was a consistent member.

R. G. Walker, who has been sick for nearly two months, is getting better.

Rev. Jas. F. Record and Miss Alice Boll are still on the sick list.

The Pike county teachers' institute closed last Friday. Taken all in all it was a very successful week's work.

We are very much interested in the description of the Yellowstone National Park, which is being written by "M. F. C."

Allan Quatermain.

Louis, Ky., July 20.

Your correspondent arrived in the little town of Prestonsburg on July 2nd on our way home from a trip to Pikeville and other points up the Big Sandy.

We found Prestonsburg to be a nice town, with about 600 inhabitants, a beautiful village nestled and almost surrounded by lofty mountains that bathe their summits in the hazy atmosphere. As the sun in all its splendor and gentleness rises in the eastern horizon, unveils itself and darts its golden rays through the misty fog that rises from the beautiful, sparkling river that carries a wave upon its glassy bosom and bids welcome to all who may be traveling over the dusty roads, casting a shadow here and there and arousing the bee in the beautiful flowers that decorate the yards of so many people of this beautiful town, makes one feel that he is yet among God's people. When we looked into the many happy faces of these people we could readily see that most of them were natives of that country—born and reared on the banks of the Big Sandy river, which has its origin among the tall pines of the Cumberland.

On Saturday, July 4, these good people gave a picnic in the beautiful grove at the upper end of town and under the river bank, a charming place where all could enjoy the pleasant breeze from the river. Most all the town people attended, with a member from the country. Wagon loads of the very choicest food was taken on the grounds for dinner. At noon the invitation echoed all over the grove, "come eat with me; all are welcome." All partook and we ate until our appetites were satisfied. Then came the exercises. After a few speeches on the Declaration of Independence, the brave soldiers, the brave and never-tiring wives of our forefathers and to the prosperity of our country, and welcoming the building of the railroad up Sandy.

OUR NEIGHBORS.

We learn of the death of the wife of Thos. Gentry of Bloomington, which occurred August 26. The wife of Wallace May was adjudged insane last week in Magoffin county.

D. D. Eastman has sold his property, corner of Illinois Vista and Chestnut streets, to Wm. Ferguson, our accommodating express agent. He will move his family some time next month.—Cattlettsburg Items.

Miss Lillian Stafford died at Cattlettsburg last Monday of typhoid fever. She was the oldest daughter of Frank Stafford, and was deputy postmaster at Cattlettsburg. She was a pretty and popular young lady.

Rev. J. R. Nelson, the efficient pastor of the M. E. Church South, at Paintsville, will enter a Tennessee school at the close of this year's work. This is causing much regret at Paintsville, as he is a very popular minister.

Mrs. W. H. Allen died at her home at White Oak, Morgan county, after a prolonged illness. She was fifty-two years old. Her husband was the late Congressman W. H. Taubee. She was a daughter of Mr. Drey, living on White Oak.

Mr. J. J. Johnson, the head of the abstracting department of the Northern Coal & Coke Company, has arrived in town and opened an office. He is assisted by D. W. Gardner, Charles Atkinson and John F. Prater, of Salyersville, office abstractors.—Salyersville News.

The Paintsville Herald says: A drunken crowd of toughs, in the absence of something else to do, fired a number of shots into John C. Mayo's office Sunday night. The glass panels in the front door were literally shot out and a couple of panes of glass in a rear window were demolished. A picture of Mr. Mayo's son hanging on the wall was pierced by a bullet.

Thursday Sam Copley, of the firm of Crum Preston & Co., who has been at his home at Eden, for some time passed through this place on his way to Cincinnati, to have his eyes treated by a specialist. He is almost totally blind, being only able to distinguish light. This trouble has been coming on for some time and seems to be caused by a scum growing over the sight.—Cattlettsburg Press.

Typhoid fever is still raging in Paintsville. Jay Sublett is very sick with the disease. The Paintsville Herald says Kent Akers and wife are slowly improving. Paul Brown is some better. J. L. Patterson is still confined to his bed, but is some better. Mrs. L. Preston is on the sick list. Alfonso Spradlin, Clyde Butler, Henry
